IMPORTANT NOTICES

HAPPY NEW YEAR!

It may be February, but it's never too late to wish you a successful and energising 2026 – thank you for all you do!

SCREENING DATA

Our Data Coordinator, is currently auditing outstanding screening data and is contacting site teams to identify which monthly logs are missing. Can you please ensure to complete this every month, if your site had no screening activity for any months, please record zeroes for all categories on the corresponding logs.

Substantial amendment 04 (SA04)

We have submitted SA04 and received REC approval, pending final approval from the MHRA. Once all approvals are in place, we will distribute the documents so sites can complete any required actions.

CONSENT FOLLOW UP REMINDER!

Some participants who have consented may not have progressed to randomisation yet. We kindly ask sites to review their list of consented participants and consider reaching out to anyone who may now be eligible to move forward in the study.
