Recruitment Update

The POISE Study now has

107

participants!

We had **1** consent in June Well done! to **Edinburgh** for consenting 1 participant.

Note: Please remember to give a copy of signed paper/downloaded copy Informed Consent Form to participant, and also encourage them to download signed e-consent when completed remotely as this is a regulatory requirement.

Our **June recruiters** were:

UCLH (2)

Norfolk and Norwich (1)

Aberdeen (1)

Edinburgh (1)

Sheffield (1)

Bristol (1)

King's College Hospital (1)

A big congratulations to **Sheffield** for recruiting their first participant and to **Edinburgh** for recruiting the study's 100th participant

The next

Non Substantial Amendment 06

You will have recently received an email enclosing the **NSA06 amendment package**. If you have any questions, please do not hesitate to contact us.

Summary of amendment: The amendment included wording of an additional email notification that will automatically get sent to participants once they have completed their Informed Consent Form. It also included addition of site and change of site PI.

ACTIONS REQUIRED! – please print and file the documents in the relevant sections (please refer to email for guidance)

IMPORTANT NOTICES!

Participant Contact Changes!

We have had a few cases where questionnaire completion reminder emails and text messages bounce back and do not get delivered to participants. We would like to urge sites to review mobile numbers and emails of participants that may have changed so that records in database can be updated for reminder emails and texts.

DEXA scans

We continue to remind sites to **please ensure that follow up appointments are being booked in advance**, particularly as patients are approaching their 1 year DEXA scan time-point.

If possible, please arrange for 1 year follow up DEXA scans to be booked in after the baseline DEXA appointment. Again, if any questions, please do get in touch!
